Circular No.35/2018

13th November, 2018

To all Units, Office Bearers, CC & GC Members

Dear Comrades,

Conference

Our Kerala Unit, host unit of the Conference, is in the process of all out preparations under the auspices of the Reception Committee constituted for the Conference to make it a stupendous success.

Our Comrades in Kerala has taken up the task of organising massive campaign centering round the Conference covering all the districts of the State highlighting the theme of the Conference "**STOP CORPORATE LOOT PROTECT MASS BANKING**". Our campaign is being well received by the general public throughout the State.

Similar campaign should also be organised highlighting the slogans of the Conference in all States by our respective State Units and bank-wise unions.

First round poster has already been released from the centre and by now it has reached all the States. State units should also print and widely circulate posters on the Conference in local language.

Entitlement of number of delegates/observers and the rate of fees thereof and the period up to which subscription has to be cleared, have been communicated through our earlier circular. All units have to take note of that.

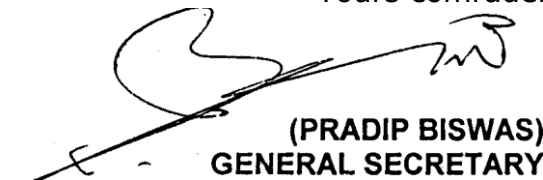

To extend financial support to our host unit, our Office Bearers meeting held in the month of September 2018 decided on some target of collections to be made by all State Units which may be done by collection of donations from our members/well wishers and/or by way of procuring advertisements for the souvenir to be published on the occasion. Tariff cards for this purpose are being sent by the host unit. We request all units to take up the task in right earnest pass on the advertisement materials to the Reception Committee within December, 2018.

To facilitate the Reception Committee to make arrangements of accommodation for delegates/observers during the Conference, we request our State Units to intimate their number of delegates/observers based on current membership figures to the Reception Committee under intimation to us. Units are also requested to specifically mention the strength of **women delegates/observers** in the total list.
